CALL TO ORDER

The Chair welcomed Committee members to the first meeting of 2024 and provided an Indigenous territorial acknowledgement.

ADOPTION OF MINUTES

1. Minutes of the Sports and Recreation Advisory Committee Meeting held on Wednesday, November 8, 2023

The Minutes of the Sports and Recreation Advisory Committee Meeting held on Wednesday, November 8, 2023 were approved.

NEW BUSINESS

2. Committee Welcome

The Committee Clerk provided introductory comments relative to the 2024 Sports and Recreation Advisory Committee (SRAC) Meeting Schedule, Committee member attendance expectations, conflict of interest and evacuation procedures.

Dan Cooper arrived to the meeting at this time (7:02 p.m.).

There were no comments from the Committee.

3. Introduction to Community Sport and Recreation Groups – Coquitlam Cheetahs Track and Field Club

Paul Self, President, and Tara Self, Head Coach, Coquitlam Cheetahs Track and Field Club provided introductory comments that covered the following topics:

- Overview of the Coquitlam Cheetahs Track and Field Club (hereon “the Club”), including history, mandate, programs, community partnerships, participant demographics, competitions and Coquitlam track and field facilities required for programs

Discussion ensued relative to the following:

- The Club, including event types by age group, costs for participants, rationale for lack of a pole vault program, whether a master’s and cross country running program is offered, board of directors’ scope and challenges of recruiting board members
- The importance of World Athletics certification for Percy Perry Stadium’s track and field

The Chair expressed appreciation for the delegation’s presentation.

4. Review and Adoption of the 2024 Sports and Recreation Advisory Committee Work Plan

The Chair provided introductory comments relative to the 2024 Sports and Recreation (SRAC) Work Plan, including the drafting process and Coquitlam’s Business Plan priority classification system.

Discussion ensued relative to the following:

- Concerns regarding the 2024 SRAC Work Plan (hereon “the Plan”), including Coquitlam Business Plan priority classification and assignments, lack of consultation for the Plan’s drafting process and not considering needs of different sport groups

- Desire for the Plan to consider more non-sport field facilities and provide updates on the Planet Ice lease renewal timeline
- Coquitlam’s Sports Field Strategy (hereon “the Strategy”), including rationale for being a Coquitlam Business Plan “B” priority and desire for the Strategy to be a consistent item going forward
- Concern regarding potential loss of women’s field hockey in Coquitlam due to lack of sports fields and facilities
- Coquitlam Business Plan priority “A” and “B” SRAC items that were completed in 2023
- Desire for public consultation opportunities regarding the Coquitlam Business Plan and Council to consider community input prior to finalizing priorities
- Concern regarding the perception that staff are meeting with particular sports groups and not others

The Chair advised the Committee to focus on the 2024 SRAC Work Plan’s items instead of the individual 2024 Coquitlam Business Plan priority classifications.

The Manager Parks and Facility Planning indicated that staff will consider Committee feedback and potentially provide more information regarding Coquitlam’s 2024 Business Plan priorities at future meetings.

The Committee endorsed the 2024 Work Plan and a copy is attached hereto, and forms a part of, these minutes.

The Committee recommended:

**COMMITTEE
RECOMMENDATION**

That Council approve the 2024 Sports and Recreation Advisory Committee Work Plan.

5. Construction and Programming Update – Town Centre Park Community Centre

The Manager Facilities Capital Project Management provided a presentation entitled “Town Centre Park Community Centre – Construction and Programming Update” that covered the following topics:

- Overview of the Town Centre Park Community Centre Project (hereon “the Project”), including history, construction timeline, floor plan, amenities, programs and community partnerships

Discussion ensued relative to the following:

- The Project, including budget, opening timeline, change room features, possibility of public Wi-Fi and whether the patio will be accessible from Lafarge Lake
- Whether data exists regarding the number of Lafarge Lake and Town Centre Park users
- Concern regarding the lack of parking at Town Centre Park and Evergreen Cultural Centre

6. Fraser Mills Park and Community Centre Public Engagement Update

The Project Manager Facility and Parks Planning provided a presentation entitled “Fraser Mills Community Centre Update” that covered the following topics:

- Overview of the Fraser Mills Park and Community Centre Project (hereon “the Project”), including timeline, site plan, amenities, budget, development agreement, synergy with other City plans and projects, relation to Coquitlam’s recreation service provision and capacity, community engagement opportunities and community partnerships

Discussion ensued relative to the following:

- Whether the Fraser River will be publicly accessible and jurisdictional authority
- The Project, including projected floor plan and square footage, possibility of public feedback opportunities for potential aquatic features, indoor racquetball and squash courts, bicycle motocross (BMX) facilities, a library and possibility of connecting an outdoor walking/cycling path to New Westminster and Port Coquitlam
- Desire to know more details regarding funding commitments from the City and developer for the Project
- Concern regarding the developer’s contribution being insufficient for facility in comparison to more recent facility assessments
- Coquitlam’s pool capacity percentage calculation process and whether neighbouring community populations and facilities were considered
- City population projections for Fraser Mills Neighbourhood

7. Committee Members’ Roundtable / Emerging Issues

The Chair invited Committee members to share information and emerging issues from the community.

The following topics and concerns were shared:

- Desire for Poirier Sport and Leisure Complex (PSLC) Arena 1 to be named after Les Wingrove

- Concern regarding hockey teams losing ice time to figure skating programs and shortage of local sports facilities impacting participant retention
- Coquitlam Crunch South Extension construction timeline
- Possibility of converting former retail space into sporting facilities
- Spani Pool reopening timeline including when parking lots will be publicly accessible
- Concern regarding inadequate lighting along pathways at Town Centre Park and Committee support for the Lights at Lafarge Lake timeline extending to end of February
- Dogwood Pavilion website issues
- Concern regarding flooding in Bramble Park near the tennis courts
- Concern regarding Meadowbrook Park jurisdiction, the absence of lighting along trails and unhoused residents using the park

Presentation to Coquitlam Sports and Recreation Advisory Committee

Presented by: Cydney Smythies, President, CSHOF

April 10, 2024

In the beginning....

At a gathering of the Coquitlam sports and recreation citizens' committee in 2007, members were presented with the plans for the revamped and renamed Poirier Sport and Leisure Complex. Committee member Les Wingrove suggested that the project could be an opportunity to create a Hall of Fame to honour local athletes and their achievements. The idea immediately caught the imagination of those on the committee. From there, the project began to grow. A new committee was struck, bringing together prominent members from various walks of life, to help guide Coquitlam's Sports Hall of Fame from the idea stage to completion.

The Coquitlam Sports Hall of Fame is where yesterday and today are celebrated and where athletic accomplishments and efforts are recognized. Developed as part of the Coquitlam Sports Centre renewal project in 2010, the Coquitlam Sports Hall of Fame provides a glimpse into the terrific achievements and legacies of our athletes and our community.

Our Mandate....

To honour athletes, coaches, builders, and teams from the City of Coquitlam for their outstanding contribution or achievement in sports.

The Hall of Fame: honouring the sporting careers of athletes, teams, builders, and volunteers in our community over a long period of time.

The Wall of Fame: recognizing achievements in a calendar year in twelve categories. Many recipients are youth.

What's happening now....

The Coquitlam Sports Hall of Fame contains over 1,000 square feet of displays and tributes, where athletes, teams and volunteers are honoured. It serves as a grand entry to the multipurpose Poirier Sport and Leisure Complex.

We are one of the few sports halls that display artifacts and information for each inductee. We would like to expand our presence in the community by displaying at other community centres and/or field locations. One thought that keeps surfacing is a Walk of Fame at Town Centre. We have also begun initial discussions with the Kwikwetlem Band to work on a permanent lacrosse display at Poirier Sport and Leisure Complex.

We have ten teams, forty athletes and thirty-one builders (total: 81) inducted as of September 2023. 42% of builders and 4 teams are women. There are 23 sports represented.

Sport Represented	
Soccer	16
Lacrosse	13
Track & Field	6
Basketball	6
Swimming	5
Baseball	4
Football	5
Gymnastic	4
Wrestling	3
Skating	2
Hockey	3
Curling	2
Field Hockey	3
Volleyball	1
Golf	1
Bob sled	1
Auto Racing	1
Cycling	1
Special Olympics	1
Multi Sport	1
High School Sport	2

A volunteer board member is cataloguing all the artifacts we have received from our inductees. To date 509 items have been archived which is 56 completed inductees.

We are hosting our first pub night at the John B Pub on May 26th and tickets are almost sold out.

The ceremony to induct the 2023 athletes, builders, volunteers, coaches, and teams is to be held on June 11th at the Centennial Theatre. Once again, we are working collaboratively with PS Media to bring a video presentation to the live event. 2023 inductees consists of 4 Hall of Fame inductees and 15 Wall of Fame inductees.

We are presently trying to add members to the board and would welcome suggestions from the Advisory Committee.

Thank you

Environmental Sustainability Plan

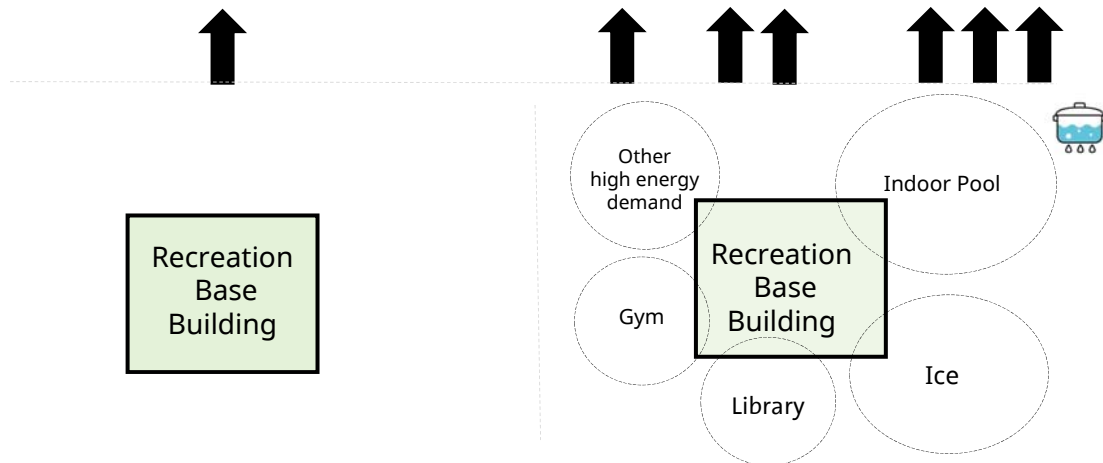

Action 1: Develop and implement a **new Climate Action Plan** that incorporates emerging best practice approaches and innovative technology, and prioritizes actions **to achieve the City's community and corporate climate change targets**

Coquitlam's Carbon Pollution

Facility Planning Considerations

Co-location can bring synergy and opportunity for reduction of GHG/building/person

Facility Planning Considerations

Recreation facilities provide a refuge during extreme weather events

Cooling Centre June 2023 Portland

Warming Centre January 24 Portland

Other benefits

Increase energy efficiency and reduce energy consumption

Improve indoor air quality and occupant comfort

Prepare our facilities for a changing climate and extreme weather events

Reduce facility GHG emissions

Building Sustainability Programs

Creekside – 2010 – LEED Platinum

Hillcrest – 2011 – LEED Gold

Trout Lake – 2012 – LEED Gold

Clayton – 2021 – Passive House

t̓əməsew̓tx̓w – 2024 – Carbon Zero

Example- Thermenex at Poirier Sports and Leisure Complex

System **reuses** heat and energy on site, resulting in significant reduction in energy and carbon emissions.

Connects heating and cooling systems onto a common water loop

Heat can be used by any system, in any building, connected to the loop

Fraser Mills Community Centre

Why Coquitlam needs a Climate Action Plan

- We're experiencing the impacts of climate change
- Our community is growing
- A plan will help us reach our targets
- Access to opportunities (e.g., funding, partnerships, new technology)
- Other positive outcomes!
- We're part of the global community

Proposed Priority Areas

Trips are increasingly taken by transit and along networks of safe and accessible sidewalks, micromobility paths and separated lanes.

Food waste is minimized and local food system initiatives are supported.

New buildings are built using low-carbon materials and processes.

Natural assets and ecosystems are protected, restored and enhanced.

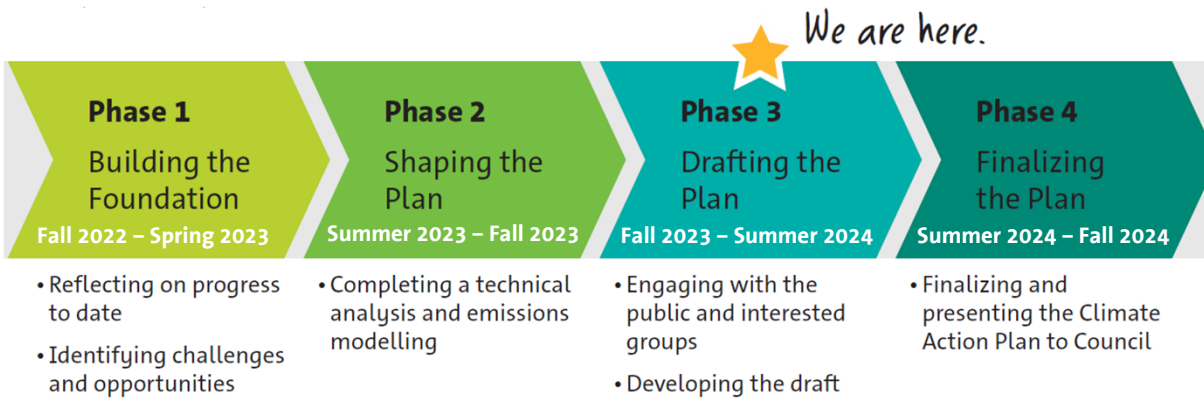

Corporate assets are low carbon and climate resilient, with climate action considerations integrated into City processes.

Engagement Highlights

- 435 survey responses
 - 2 online information sessions
 - 7 pop-up events
 - 2 public event presentations
 - Meetings with key groups
 - 5 Community Groups
 - 4 Council Advisory Committees
 - 3 Youth-focused events
 - 1 Urban Development Institute
- 1,100+ people directly engaged in Fall 2023!**
